

ISTeC Lunchtime Roundtable

Topic: High Dimensional Pattern Recognition

Description: Many researchers on this campus are working on problems that involve recognizing patterns in high-dimensional data. Examples include face recognition, EEG analysis, and many other varied problems.

When: Wednesday, October 26, 12:00 – 1:00

Where: Engr B103

The goal of this lunch time series is to foster cooperation between researchers and departments with similar research interests, to discuss and exchange ideas, problems and information.

Each participant will be asked to give a five-minute description of their work (no power-point slides allowed!).

For more information please contact [Bruce Draper](#) or [Stephen Hayne](#).

ISTeC (Information Science and Technology Center) is a university-wide organization for promoting, facilitating, and enhancing CSU's research, education, and outreach activities pertaining to the design and innovative application of computer, communication, and information systems. For more information please see ISTeC.ColoState.edu.
